

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: FLORIDA

MORE LIBERAL METHODS OF TREATING INCOME  
UNDER SECTION 1902(r)(2) OF THE ACT\*

☐ Section 1902(f) State

☒ Non-Section 1902(f) State

COVERAGE GROUPS

1902(a)(10)(E) and  
1902(m) of the Act

When income is received more often than once per month (weekly, biweekly), the monthly income from that source will be computed by first determining the weekly income amount and then multiplying that amount by 4. We will not treat 4 week months any differently than 5 week months.

The anticipated weekly income for fluctuating income will be projected at the time of application by using the most recent six weeks of income (or less, if appropriate). After that, it will be recomputed every six months or when the client reports a change.

In the event an individual would be denied or terminated by the use of this methodology, actual income (if less), will be used.

In-kind support and maintenance (ISM) is not considered in determining income eligibility.

\*More liberal methods may not result in exceeding gross income limitations under section 1903(f).
